Overview of Cable work today:

The following work was ongoing today on the Cable:

- None

- I arrived at the pier 7 office at 07:00, & was on the bridge at 07:20. I did a walk-through of the bridge to check to see which crews might be working. There was no Cable work ongoing at this time. No iron-worker crews were working today. The only workers on the bridge were 2 laborers doing general house-keeping & cleaning near Hinge-A. They were cleaning up after a grout pour they had last night at Hinge-A.

- At 07:45, I left the bridge.

- From 08:00 until 12:00, I did misc office work, including: reviewed RFIs & submittals related to phase-4 load transfer, checked email, etc.

- From 12:00 until 12:30, Lunch.

- From 12:30 until the end of the shift, I again did misc office work (reviewed RFIs, wrote my diary for the day, cleaned & organized my cubicle & truck, etc).
